

**COMPLETELY  
BIODEGRADABLE**

## GREENCLEAN Restaurant

**PATENTED  
INGREDIENTS**

### Product description

BACOBAN GreenClean is a bioactive, water-soluble Cleaning Agent, that solubilizes staining generated by fats and oils and thus ensures their complete biodegradation. BACOBAN GreenClean includes innovative surfactants which possess enormous cleaning power. Moreover, BACOBAN GreenClean is neither water-polluting nor harmful to animals and plants, does not harm any organisms, non-corrosive to paints, plastics or other materials, skin friendly, totally biodegrades within a few days and is non-toxic for the environment, humans and animals, contains ingredients from controlled ecological farming.

**100%  
BIO-DEGRADABLE**

### Field of application

For large-scale Kitchens, Takeaways, Bakeries, Catering ect...

**MADE FROM  
NATURAL  
RESOURCES**

### Product features

Keep work surfaces and drainage pipes free from grease. The usage of BACOBAN GreenClean prevents drains and filters becoming blocked by grease or fat residues. It can also be used to clean grease-soiled ovens or baking trays and floors contaminated with grease or fat. Extraction hoods and their filters and numerous similar items can also be cleaned with BACOBAN GreenClean. Regular use of BACOBAN GreenClean prevents the formation of grease residues. BACOBAN GreenClean helps to keep your large-scale kitchen premises clean. BACOBAN GreenClean is non-combustible and entirely biodegradable, without any harmful impact on the environment. (The liquid is, of course, free of any chlorine). After the application of BACOBAN GreenClean, the greasy layer is removed, and all residual water can be rinsed away into the drainage system where it will continue to act as a dispersive agent.

**SKIN FRIENDLY**

### Product data

- **Color:** Yellowish liquid
- **Delivery form:** 4 bottles of 1 gallon
- **Shelf life:** 2 years

### Composition

Yeast vegetable oil extract, less than 5% anionic surfactants. Without palm oil

### Conservation

Store Bacoban® GreenClean between +5 and +25°C. Ambient temperature for storage or use should not be lower than 5° Celsius, do not freeze

### Expertise

Our products are subjected to thorough examinations. On request, it is with pleasure that we will provide you with our microbiological and dermatological expertise.

**NON TOXIC**  
• TO ANIMALS  
• TO PLAN LIFE

### Application

Make sure the surface to be cleaned is cooled to room temperature. Spray the surface to be cleaned with Bacoban GreenClean. Leave to act for a few moments. Clean with a sponge or brush as needed. Rinse with water or simply wipe off. Renew the application if necessary.
